### **Minutes of Previous Meeting**

### **Enhanced Services Spend**

The PCT were asked for a forecast against spend.

**Action Point: CM to send LMC information as soon as it is available.**

## Case Management LES

All practices participating that have done Part 1 will be paid.  
Practices doing Part 2 plans have been submitted more activity and asked for them to be funded.  
However there is not enough money to fund all activity.  
The PCT are to discuss how this will be handled.

**Action Point: CM to let LMC know the options.**

## Appraisals for Locums

These have been started.

## QOF Visits

All practices are being visited.  
Similar style to last year.  
Contract and clinical governance issues also included in the visit.  
Information to go to practice a month in advance.

**Action Point: CM to send LMC paperwork.**

## Flu

Pricing and lack of vaccine was discussed.

## MMR

Require clarity on which age group are being paid for.

**Action Point: CM to follow up.**

## Practice Based Commissioning

2 practices are showing interest.  
Based on Devon's model like QOF points given, incentivised and paid by number of points.  
Countywide agreed in principal.  
All practices were sent referral date in the summer.  
The LMC asked the PCT to produce a simplified revision of what PBC actually is.

## **PCT Reconfiguration**

This was discussed at some length. There is a great deal of 'unknowns' about the future of Oxon PCT.

**Date of Next Meeting – 5<sup>th</sup> January 2006**
