Random Selection of practices for 5% QOF PPV in 2008.

Performed by BBOLMC staff on 17/4/08

Process

- BBOLMC received a spreadsheet from TVPCA on 17.4.08
- This listed practices by PCT
- Dates of any previous 5% QOF PPV visits known to TVPCA were included in the sheet.
- BBOLMC has kept a list of all the practices receiving a 5%QOF visit since the process began in 2005
- LMC checked the latter were correct and found two missing. These were added to the spreadsheet.
- Any practice visited for 5% PPV in the past two years was excluded as required by regulation
- The list of eligible practices was numbered in sequence for each PCT
- The numbers needing to be selected for each PCT was calculated by dividing the total number of practices in a PCT, dividing by 20 and rounding up to the nearest whole number
- The results of this calculation are:
MK=2, Bucks=3, BW=3, BE=3, Oxon=4
- My Secretary (GK) pulled out the required totals for each PCT, witnessed by two others
- I translated the numbers pulled put into practice names and was witnessed by two staff members

The practices chosen were:
