

Salaried GP Opportunity | 6-7 session

Looking for a practice where continuity of care is valued, appointments are 15 minutes, and your wellbeing genuinely matters?

Due to continued growth and investment in our services, Westongrove Partnership is looking to recruit a salaried GP to join our team.

At Westongrove, we work together to deliver the highest standard of care for our patients, supported by experienced colleagues, a broad multidisciplinary team and strong administrative support.

We care for approximately 34,000 patients across three sites and are proud to operate our own Primary Care Network. This enables us to work collaboratively, develop services locally, and deliver high-quality, person-centered care that meets the needs of our community.

Whether you're newly qualified or experienced, you'll receive dedicated mentorship, protected learning time, and the support of a friendly, established team.

What we offer

- Competitive salary and NHS Pension Scheme
- 6 weeks' annual leave, 1 week's study leave and a wellbeing day
- Tailored induction programme and GP Partner mentor from day one
- Fully reimbursed indemnity and Clarity appraisal membership
- Personal patient list and 15-minute appointments
- Protected admin and learning time
- Support for specialist interests, leadership, teaching and portfolio careers
- Regular clinical case discussions and monthly protected learning events
- Strong focus on wellbeing, team culture and social activities

About us

- Well-established training practice with five GP trainers
- Multidisciplinary team including nurses, pharmacists, paramedics, FCPs, Social Prescribers, Health & Wellbeing Coaches and a dedicated complex care team
- Urgent Care Service (Klinik triage)
- Strong locality and federation relationships
- EMIS Web, Accurx and Hero, with ongoing exploration of AI-enabled tools
- High QOF achievement and Good CQC rating, including Outstanding for Older Adults and Well-Led
- Modern, purpose-built premises
